I am a skilled React developer with over 2 years of professional experience. I have a strong understanding of the React framework and have experience building and maintaining web applications using it. I am dedicated to staying up to date with the latest developments in the field and am able to work effectively both independently and as part of a team. I am passionate about creating high-quality, user-friendly web experiences and am dedicated to delivering projects on-time and on-budget.

Professional Experience
